

## Brigit Ensten Gridwork Clinic

Tuesday 21<sup>st</sup> May 2019

Gridwork is a great way to train a horse to be agile, accurate and athletic. It also gives the opportunity for a rider to improve style, position and balance over a fence.

Gridwork makes jumping easy, it improves a rider's sense of rhythm and helps to develop any eye for distances. The aim of gridwork is not to jump big fences but rather to improve confidence and ability in both horse and rider.

Ideal practice for all horses and from young to experienced and ideal for riders looking to build partnerships with their horses and to build confidence.

Joint 45 mins lessons £30 each  
Private 30 mins lessons £35 each

includes arena hire
