

Kate Murphy-Fully Equipped Equine Services

Jumping, polework, rider symmetry Or a little of everything Clinic

*Empowering riders through knowledgeable, encouraging
and supportive coaching*

Here are a few words about me. I am a UKCC Level2 (training Level3) British Showjumping Coach, Rider, Equine Sports Massage Therapist & Human Massage Therapist. I started working with horses in my teens, and now have over 30 years experience. I started in a competition yard where I had some great training, riding all kinds of horses and ponies of all ages. I learnt to break youngsters correctly with proper groundwork. Whilst managing my own jumping stables for approximately 15 years, I competed regularly up to 1.35m/1.40m. I was lucky enough to have some amazingly talented horses to ride during that time. One going on to be shortlisted for the 2012 Olympic Japanese eventing team and one representing Team GB Showjumping at WEG and Nations Cups. I love working with a range of riders from beginners, grass roots to those progressing up the competitive ladder. Young and problem horses welcome ☺
